DELTA

— COLLECTION —

The delta is a place for souls seeking peace and reassurance. Hermene Hess's Siddhartha disclosed the secret: "Have you learned that secret from the river, that there is no such thing as time? That the river is everywhere at the same time, at the source and at the delta, and that the present only exists for it, not the shadow of the past nor the shadow of the future".

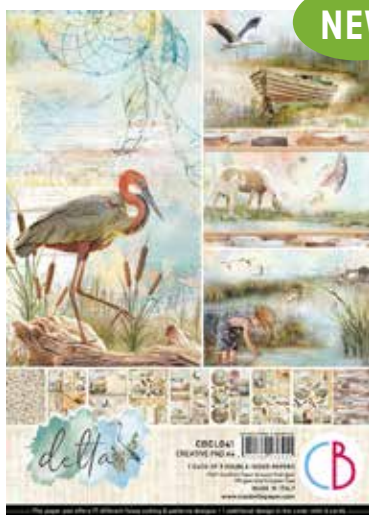

Soak up the atmosphere made of peaceful landscapes, timeless nature life and amazing soothing color palette.

BLUE NOTE

— COLLECTION —

John Coltrane once said: "My music is the spiritual expression of what I am, my faith, my knowledge, my being. When you begin to see the possibilities of music, you desire to do something really good for people, to help humanity free itself from its hangups. I want to speak to their souls".

That's why we like Jazz. It's creativity and soul expression. And New York is its perfect match in this urban looking collection. Just relax and feel the groove.

THE MUSE

— LIMITED EDITION COLLECTION —

In the fall of 1948, Ernest Hemingway traveled for the first time to Venice where he fell in love with Adriana Ivancich, his last muse.

A surprising, years-long relationship, during which she inspired a man 30 years her senior, who hadn't published a novel in nearly a decade, to complete *The Old Man and the Sea* and was the model for Renata in *Across the River and into the Trees*.

Can a muse reverse roles and become a writer, with an intimate look at her soul through the magic of her own words? Every woman knows the answer.

COLLATERAL RUST

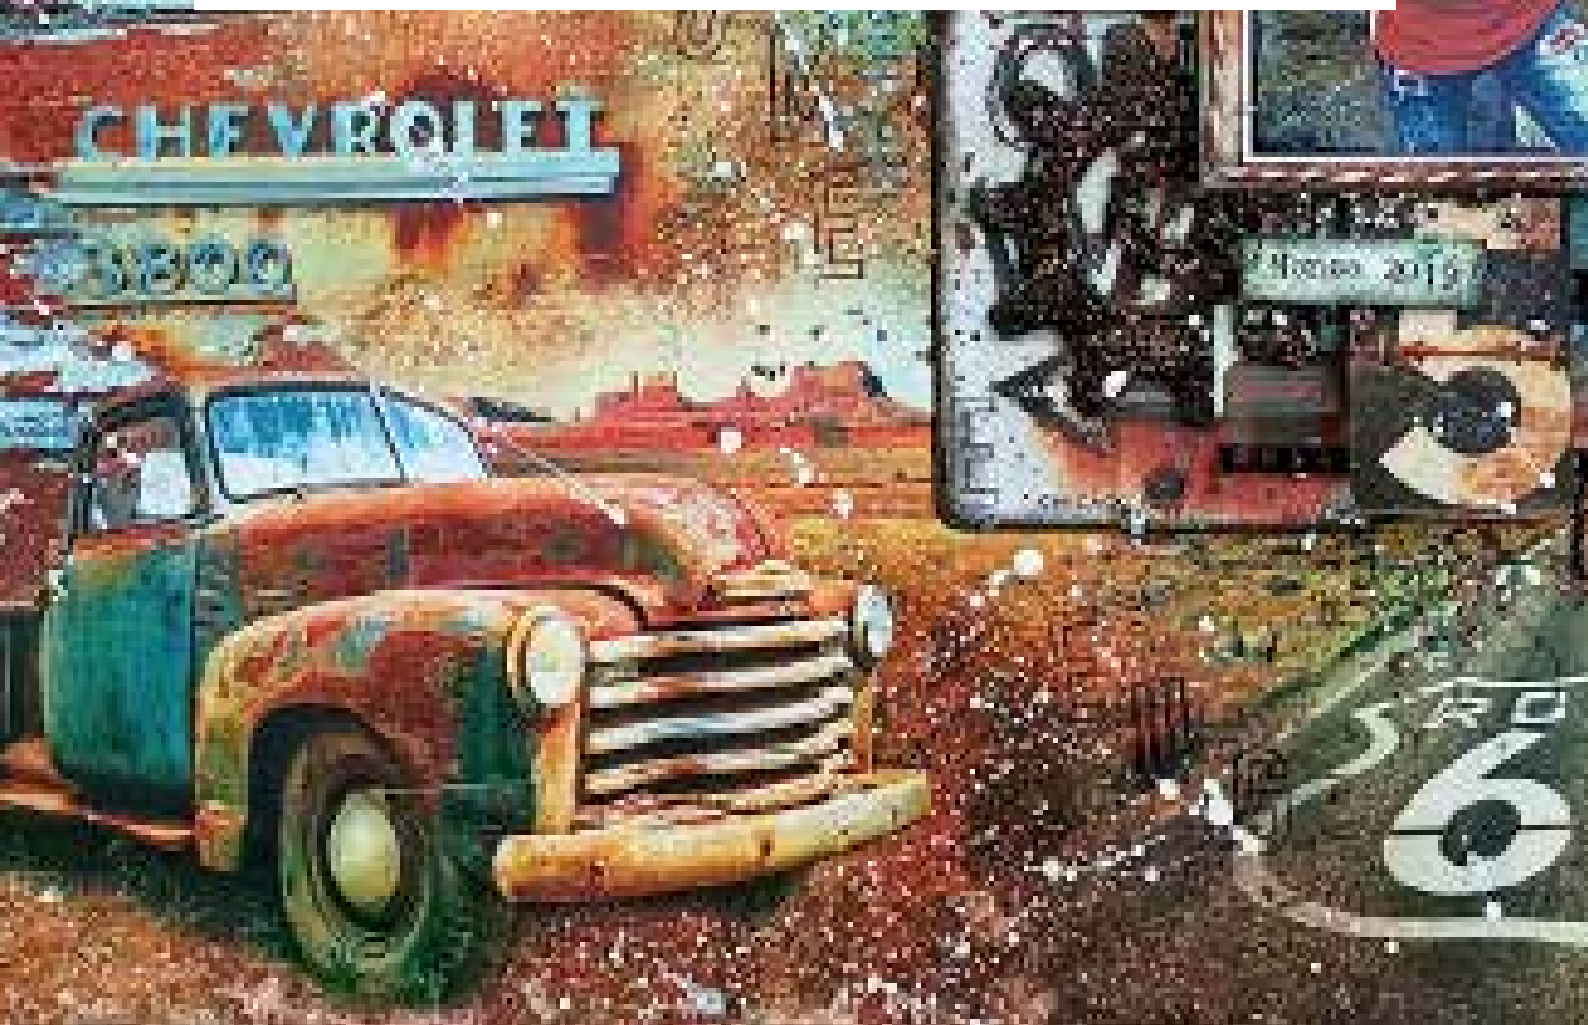

— LIMITED EDITION COLLECTION —

Live to ride and ride to live.

Freedom dreams and hot metal, road and wild years, wind stories and lost ideals. Jack Kerouac in the pocket, the beat in the heart. Rage, poetry and roar.

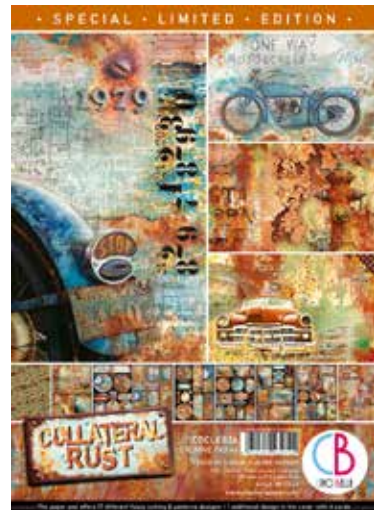

Fast cars, when any other place is better and you wonder if two wheels are fast enough to fly away. Until only rust and a rock soul remain. A life one way with one love.

Welcome to the first art & craft collection with gasoline in the veins.

Neverland

NEVERLAND

— LIMITED EDITION COLLECTION —

“All the children, except one, grow up. They soon know that they will grow up, and the way Wendy knew was this”.

When J. M. Barrie created the character of Peter Pan he could not imagine that every future generation would love the story of the child who didn't want to grow up. Contemporary Robert Louis Stevenson said of him:

“I am an artist, he is a genius”.

Allow yourselves to be carried away by the genius of Barrie to Neverland, do you remember the address? Second star to the right and straight on till morning!

FROZEN ROSES

— COLLECTION —

I walk into a white city. There are gardens in some ancient mansions where December's wintery breath is clouding the pond, frosting the last rosebuds, obscuring summer's memory.

Stoats play in the snow between statues, goldfinches fly on frozen fountains. With musk and white cotton snow under the feet, I pick up an icy rose and can really feel that winter has come to town.

A Beautiful December.

NORTHERN LIGHTS

— COLLECTION —

Snowmen stay motionless to look at winter and have many stories to tell.

One of them says that once upon a time, the reindeer took a running leap and jumped over the Northern Lights. But he jumped too low, and the long fur of his beautiful flowing tail was singed by the rainbow fires of the aurora. To this day the reindeer has no tail to speak of. But he is too busy pulling the Sleigh to notice what is lost and certainly doesn't complain.

If you like snowmen stories, give life to the ones hidden in this collection!

The background of the entire page is a collage of vintage film strips. One strip at the top features the title 'Modern Times' in a bold, sans-serif font. A clapperboard icon is positioned to the right of the 'Modern Times' title.

MODERN TIMES

— COLLECTION —

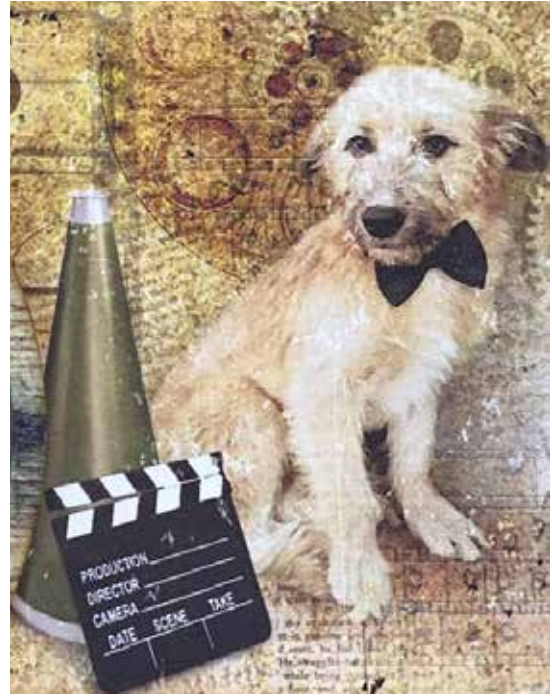

Charlie Chaplin once said: “All I need to make a comedy is a park, a policeman and a pretty girl”.

This industrial collection is dedicated to filmmaking of those times, frenetic and unforgettable, to the comedies of The Little Tramp and Our Gang.

Those were modern times, when imagination built the magic of cinema movie after movie, comedy after comedy. Lights, camera.. Action!

THE SOUND OF SUMMER

— COLLECTION —

In Ciao Bella's coastal living there are only a few beach rules.

- 1) Walk the shoreline.
- 2) Read a book sluggishly.
- 3) Look for seashells and coastal creatures and leave them where they are.
- 4) Relax, rest, unwind.
- 5) Create memories.
- 6) Flip flops are mandatory.

Enjoy the vibe of this collection amazingly illustrated, where the voice of the sea is the only sound of summer!

SICILIA

SICILIA

— COLLECTION —

From William Shakespeare to Gabriel Garcia Márquez, from Plato to Truman Capote who called it most beautiful than any woman, writers of all ages fell in love with Sicily.

The Italian island that defines itself a land lying outside time, where past events endure in an eternal present, a beach on which the tides of successive civilizations have heaped their treasure. Treasure made of culture, art, food, colors. Like the yellow of lemons and the blue of Caltagirone ceramics.

Under the Tuscan Sun

UNDER THE TUSCAN SUN

— COLLECTION —

Tuscany is Florence, Renaissance, paintings and frescos of artists such as Da Vinci and Botticelli, but is also one of Italy's most romantic lands.

Take a walk through wildflower fields crisscrossed with vineyards, rolling hills, olive and cypress trees framing red-brick rural houses, savoring summer in the countryside that inspired Mark Twain to write "The Creator made Italy from designs by Michelangelo".

Everywhere one must be something. Feel the lure of spending time under the Tuscan sun, where one can simply be.

Tango

TANGO

— COLLECTION —

There are a lot of definitions about what tango is. Someone said is a feeling that is danced, it's not in the feet but in the heart, it does not have nationality because its only passport is the feeling. And there are the ones who say life is like a tango, sensual, sexy, violent then quiet, or that's a sad farewell.

Ciao Bella was inspired by the vibe of tango houses in Argentine barrios, giving it a color and a language that could only be red and Spanish, and let each one to choose its own definition of what tango is.
